IT'S MAYOR TAYLOR.

Proceedings of the Board of Aldermen Last Night.

The Board of Aldermen met last night with Mayor Nelson in the chair. All were present except Aldermen Pickard and McKinney.

The sewer committee reports that the work ordered on North Forbis and Church streets, had been completed and accepted by the committee.

Alderman Elam moved that when the board adjourn it adjourn to meet on Friday night next, at which time it would hear propositions in regard to putting in a street railway. Carried.

Stall No. 6, at city market, now occupied by Excelsior Hose Co. (colored), was ordered to be rented for market purposes and the firemen's committee ordered to erect a corrogated iron building for the use of the company.

Messrs. Troxler Bros. and Andrews & Amos were granted license to sell fresh meats on Ashe street, outside the old corporate limits.

A petition from the citizens of Lindsay street asking that the graded school fence be set back in line with the building, was presented and filed. Referred to street committee.

The street committee was instructed to confer with Mr Caesar Cone to see if they could come to some agreement in regard to the damage, if any, that he has sustained on account of the opening of Chestnut street.

A communication was received from the board of education recommending the purchase of the Catholic church property for the use of Lindsay street graded school. Referred to school committee.

C. C. Shaffner filed application to sell liquor in the new building now being erected on South Elm street by Taylor and Jones, Under the rules the application went over for two weeks.

Mayor Nelson filed his resignation as mayor of the city. Alderman Merrimon moved acceptance of same, stating that he voiced the sentiment of the whole board that they parted with him with much regret, their relations having always been of a most pleasant character. Alderman Shaw seconded the motion and said that Alderman Merrimon had voiced the sentiments of the entire board and that he hoped that Mayor Nelson would be transferred to pastures greener than the office of mayor. The resignation was accepted.

The board then went into the election of a mayor. Mr. Zeb. V. Taylor was elected.

Board adjourned.

DIDN'T LIKE THE SHOW.

Wants to Go to a Circus to Have Some Fun.

After the show last night two young gentlemen, one of whom was probably a first cousin to the man who tried to blow out the gas at the Academy on Wednesday night, were walking up the street together. The show was very pathetic and had evidently brought tears to the young man's eyes, for as they walked along he looked up and said, "Pshaw, I don't like a show like that. By gum, I want to go to a circus." His friend remained silent and the young countryman, being chilled by the cold air, went on: "I got a jug of 'mineral water' up here at the Banner warehouse and I want to get to it. I'm mighty particular about what I drink. In a half hour from now, I couldn't walk this twelve-foot sidewalk."

By this time those walking in front of him had become too full of laughter to remain and walked around the crowd.

It was gathered that the young man was from near Haw River and had brought a load of tobacco to town. He was walking with a friend who has a position here.

An Old Dodger Caught.

George Hackney, colored, was arrested last night by policeman Pearce, on two warrants which have been in the hands of the police for some time. One is for carrying a concealed weapon and the other for disorderly conduct on the streets. The police have been after Hackney for sometime, but he is a good dodger and has managed to keep out of their way. He was standing in front of Barker's store on West Market street last night, talking to about half a dozen friends when Officer Pearce joined the party unnoticed, and quietly joined Hackney to him, and together they marched quietly to the jail. Hackney was evidently preparing to leave town, for when arrested he wore two coats and two pair of pants and had a breast pocket stuffed with collars.

ATLANTIC TRANSPORT SUNK

Went Ashore Between Manacles and The Lowlands.

A LARGE NUMBER PERISHED.

The Atlantic Transport Mohegan Founders in a Gale—The Crew Worked Nobly and Orderly.

By Cable To THE TELEGRAM.

London, Oct. 15—The particulars of the foundering of the Atlantic Transport's steamship Mohegan, near the Lizard, are coming in slowly. A dispatch from Falmouth merely announces that she sank with fifty-nine passengers and a crew of one hundred and fifteen, after striking between Manacles and the Lowlands.

After striking her back broke and she slid into deep water, carrying all save thirty-three persons, who succeeded in getting away in life boats. Fourteen were found clinging to rocks.

A tug picked up a man who had been floating for seven hours. He said he was dining when he heard the crash and found they were on the rocks.

The utmost order prevailed among the crew who worked nobly. The boats were lowered and filled with women, but he is unable to say what became of them.

In less than twenty minutes after the crash the ship settled and went down. The night was perfectly clear.

The latest and most authentic reports give the number saved at seventy-five; lost ninety-nine. From the dispatches in the morning papers we take the following:

"The coast at this point is extremely dangerous, and has been the scene of numerous wrecks. Some years ago there was a movement set on foot to get a light-ship placed there, but it failed.

"A dispatch from Falmouth says the Mohegan foundered and was partly blown ashore by the heavy east wind soon after her machinery was disabled. All the Falmouth tugs went out, but none were able to approach the vessel."

The Show Last Night.

"East Lynne," at the Academy last night was witnessed by a much larger audience than was out the night before. The company is growing in favor with every performance. The work of Miss Tucker last night as Lady Isabel and Madame Vine and that of Mr. Thaddeus Gray as Archibald Carlyle has seldom been surpassed here. The whole troupe did well. The scene of the death of Little Willie most realistic and touching and there were scores of wet eyes in the audience.

Tonight the old but ever popular and attractive drama, "Ten Nights in a Barroom," will be played and we predict a full house.

This will be the closing performance of the week's engagement of Chas. C. Vaught Co., in this city and they have cause to be proud of the new friends they have won by their clean and clever performances. Show-going people will welcome them to Greensboro again.

Bridges Against Two of them.

Mr. B. M. Bridges, who figures prominently in republican circles, and who could easily have defeated Bradshaw for the senatorial nomination had he wanted it, has announced that he cannot support Mr. Ragan for clerk or Mr. Hoskins for sheriff.

Mr. Bridges' name was placed before the convention for the senate, and the reports have it that Mr. Ragan hissed when this was done. We are not responsible for the statement, as we did not see it, but such is the report. It was very naughty of Mr. Ragan, if it is true, and will not tend to make many votes for him in the coming election.

Sold His Barroom.

Mr. John R. Coble, who has been conducting a saloon on South Elm street near Odell's, has sold out to a Mr. Treadway. The pleasing part of the transaction is that Mr. Coble had the manliness to apologize to the South Greensboro W. C. T. U. for ever engaging in the business.

The people of Greensboro will be glad to learn this bit of news, and rejoice at Mr. Coble's good intentions and manliness in acknowledging his error. He is entitled to the highest respect and good will of all good people.

Mr. Coble Commended.

The members of South Greensboro W. C. T. U. desire to express their commendation of the action of Mr. John Coble in abandoning the liquor business, and in offering public apology for having engaged in it.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., Oct. 15, '98.

From the number of subscribers we have gained (who must be democrats), and the number we have lost (who must be republicans), since Adams and Reynolds spoke here, we predict the biggest democratic vote in this State that there has ever been, if democrats are as thick in all settlements as they are here

The new guard house is about ready to be launched We do not expect it to be christened with rum, but old "bust head" may be the cause of some one having the pleasure of christening it.

The concert the last two nights in the opera house by the Boston Italian string band far surpasses anything of the kind that has ever been given here. You missed a musical treat if you missed this.

The second meeting of the democratic club will be held Monday night in the Masonic hall at 7:30. Every democrat in the township is urged to be there. Remember it costs you nothing. From the number present the first night we expect to see the hall packed Monday night.

C. J. Fields has been practicing with the Greensboro pig-skin chasers who will meet Bingham's school on the girdiron in Greensboro next Monday. "Nance" will play quarter back. He is rather light compared with Messrs. Daniels, Wright, Cone and others, but we expect him to do his part.

Don't forget Prof. Gentry's famous Dog and Pony show Monday. This show is spoken of by those who have seen it and the newspapers throughout the country as the greatest trained animal show on earth.

Rev. Dr. J. B. Richardson will fill the pulpit tomorrow morning at the Baptist church. It will be announced from the pulpit who will preach in the evening.

There will be no services except Sunday school at the Presbyterian church tomorrow morning. The usual C. E. and preaching services may be expected at night. A special sermon on the work of the holy spirit will be preached. The usual services may be exrected at all other churches. Strangers are cordially invited to all of the churches.

Oliver Benbow received a telegram from Statesville last night stating that Mr. Turner, his father-in-law was very ill. Mr. Benbow and Miss Nellie Dundas left for there this morning.

Hon. Chas. M. Cook, ex-secretary of state, who was expected here tonight to address the people, cannot get here in time to speak, but will spend the day here with his friends tomorrow.

C. A. Hammer returned last night from the north.

We guess those boys who were unruly yesterday in school have realized "It is hard to kick against the pricks." Prof. Crowell, who weighs 260 pounds, keeps right in the middle of the road, and students who are rebellious, disobedient or disrespectful to his teachers or the school have to beware lest he step on them. But we can say for him and the entire faculty that they are as just and kind as they are positive. We believe that is the keynote of their excellent government and discipline. We regret that these two boys did not submit to one of the other three conditions, all of which were very reasonable, rather than to accept the one they did. They injure themselves and not the school. In connection, we clip from the Enterprise of yesterday the following: "At the beginning of the second month of this term of our graded school everything is working so harmoniously that there is not even a shadow of a suggestion for an improvement. Our school has made the most remarkable record of any within our knowledge.

Bothered With Tramps.

Editor Telegram: A number of ladies on West Bragg and Lee streets have been bothered with tramps calling themselves agents. They claim to be selling powders for clothing. One of them called at a lady's house yesterday and offered a package of his powders for his dinner, and after he got the dinner refused to give the powders. He then went to another house and ordered dinner, with hot coffee, etc. We all want him to call again and we will give him hot coffee, powder and lead combined. One of the Ladies.

THE PEACE COMMISSIONERS

Are Moving Things Along Very Slowly.

REPORTS BASED ON CONJECTURE

Financial Questions Alone Have Been Considered—Commercial Ones Are Not Yet Touched.

By Cable to THE TELEGRAM.

Paris, Oct. 15—The sensational dispatches, which are claimed to be definite, concerning the peace commission conferences, it is said, are based only on conjecture.

The information comes from Madrid that both the Spanish and American commissioners are mute and they don't foresee any publication of their proceedings.

Joint sessions were held twice this week, not by the rules, but according to the convenience of referring from the government at Madrid certain questions. The United States commissioners, besides plenary powers, have full instructions upon definite matters in which ex-Secretary Day has already been the chief agent. It is understood that the financial questions are uppermost in consideration and that commercial ones have not yet been touched.

The Real Issue.

Mr. Editor -Your editorial comment on the paragraph copied from Dr. Crawford's editorial, in this week's Advocate, it seems to me, dodges the real issue. The church is not complaining of Mr. Duke's gifts to Trinity College, but of her being made a partner in his business.

We do not think money has any moral character. We do not, as a church, examine its history when it comes to us. It may have been through cigarette factories, or whiskey saloons; but when cigarette factories or whiskey saloons offer to take us into partnership in their business we cannot consent. If we take their money it should be with the distinct understanding that we condemn their business.

The great danger in our receiving these large gifts is that the church may come to have some sympathy with the business that turns into her treasury these large sums of money, and that her ministers may be silent (as we fear many now are) as to a great evil.

J. H. Weaver.

A Bad Runaway.

A large bay horse belonging to Cunningham Brothers, while standing in front of Mrs. Weill's new building yesterday afternoon, took fright at a hand organ and a monkey and dashed off for home. He was running like a vestibule limited when he struck an electric light pole, smashing one wheel of a brand new wagon to pieces. The horse broke loose and was thrown by the jerk, but did not stop in getting up. Cunningham Brothers are now thinking that a monkey and hand organ, and especially the grinder, are nuisances, both singly and collectively.

THE NEW MAYOR.

As will be seen from the proceedings of the board of city aldermen, which are printed elsewhere, the resignation of John J. Nelson was accepted and Zeb V. Taylor was elected to fill the unexpired term. Mr. Taylor is well and favorably known and is a man of ability. He is a worker in anything he undertakes and we shall confidently expect to see the city's interest taken care of and protected so far as it is placed in his hands.

In entering upon his duties as mayor of the city of Greensboro we wish to assure him of our hearty cooperation and support in all things which tend to the material development, the industrial advancement and general welfare of our city.

The position of mayor is one of great responsibility and in managing affairs so as to bring the "greatest good to the greatest number," Mr. Taylor will need the support and cooperation of all progressive citizens.

The retiring mayor has served the city long and acceptably as is evidenced by his re-election last spring and his popularity is shown from the fact that he is now the democratic nominee for the office of superior court clerk, to which position he will be elected on the 8th of November.

It will be remembered that fusion promised us in 1894 a reduction of salaries and fees, a reduction of taxation and a reduction of public expenses. Salaries and fees have not been reduced; taxes have been increased, and as for the rest the following figures from the State Auditor's report cannot be two fully comprehended. Expenses of the State government under democratic rule:

1892	$1,057,933 60
1893	1,319,648 10
1894	1,195,620 25
Total for three years...	$3,573,201 95

Under republican-fusion rule:

1895	$1,349,335 73
1896	1,246,566 27
1897	1,364,058 29
Total for three years...	$3,959,950 29

Or an excess of $386,784 26 over democratic rule.

This is how the performance has been squared with the promise.—Charlotte Observer.

The Telegram has several times called attention to the above comparative statemen"; but it will bear repeating. As a rule figures do not lie and this is not an exception. The figures given above are taken from the records in the Auditor's office in Raleigh. Cut out the statement, paste it in your hat and when you hear a fusionist talking about reform in state government, ask him to explain those figures.

A comedy company is playing the "Prince of Liars" at Greensboro. In the comments upon it we see no mention of Marion Butler or Cy. Thompson taking the leading parts.—Durham Sun.

We feel it our duty to inform the Sun that this was merely a burlesque on the real comedy and that no attempt was made to take away from either Mr. Butler or Mr. Thompson their well earned titles of "Prince of Liars."

Hittin' Him Hard.

The Statesville Landmark exactly expresses our sentiment when in reply to Marion Butler's thrust at the Democratic press for not publishing Bryan's and Jones' letters advocating democratic-populist fusion, it says that it did not publish those letters nor any other letters advocating fusion because the editor of the Landmark is opposed to fusion and openly and boldly opposed it. But the best reason at all for opposing fusion is given by the Landmark in this language:

"And we will further inform Mr. Butler that the Landmark's main reason for opposing fusion was that it did not propose to enter into any combination with which so infernal a scoundrel as it believes Marion Butler to be had anything to do.

"The Guiteau-faced devil can take that and wear it."—Monroe Enquirer.

Armistice With Indians.

Walker, Minn., Oct. 14—Another conference was held today at Leech Lake agency between Commissioner Jones and Chippewas, including three of the hostiles. They agreed to go back to the Pillager camp and persuade the men who are wanted to surrender. If Chief Bog-Ah-Me-Ga-Shig refuses to come in with the rest, they say they will bring him by force. The Indians departed for Black Duck Point, where the hostiles are encamped immediately after the conference. They have been given till Wednesday to bring in the men wanted, and an armistice has been declared till then.

ANNOUNCEMENT.

A Rare Opportunity to Procure Desirable Tracts of Land, Suitable for Residence Lots, Fruit and Truck Farms, in Size and Location to Suit You.

THE splendid body of land known as the VANBOKELIN FARM, lying partly within the city limits of Greensboro, having been put into our hands for sale by the owners, we will on Monday, October 17th, 1898, at 2 o'clock in the afternoon, sell at public aution lots in sizes ranging from one-half to 40 acres on the following terms: One-third cash, one-third in six months, and one-third in twelve months, with interest at 6 per cent. per annum on deferred payments.

The property is to be sold on its merits and not a single by-bid will be allowed.

It is just one mile by the road from the Court House to the beginning of this land, and the fine road recently built by the county convicts to the Battle Ground runs through it, making it easily approached from the city and very convenient for parties who want to avoid city taxes and yet be within fifteen minutes walk of their business in town.

Those who want to live in town and have a small farm outside cannot afford to miss this opportunity, as there is no other land so convenient as this to be offered in this vicinity.

We will have no brass band or speech-making at this sale. It will be strictly a business transaction, and we want you to attend the sale whether you buy or not. We especially invite the ladies to come out in fore.

Remember the date, October 17th, 1898, at 2 p. m.

Platt's Bank Will Pay Out.

Oswego, N. Y., Oct. 14—Senator Platt stated today that the shortage in his bank caused by the embezzlement of the late Assistant Cashier Stone was fifty thousand dollars. The bank had eighty thousand in cash left, and other resources would be sufficient to pay all depositors in full. Speculation in western lands was one cause of Stone's downfall.

Three Doctors in Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e. Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition.
